I am learning Hindi using Youtube videos and Hindi Flashcards but they are not enough. I have seen many Hindi learning tools on internet but they are all expensive and if I want to use them I have to buy a laptop or other devices. So, I have an idea to make a website where users can pay for their services if they want. Please suggest a website. I have no idea about developing websites. I have already gone through the code of www.learnhindionline.com but I don't know how to do it. Please tell me how to develop it. I know some of the words. If I am unable to learn Hindi completely, I will add it to this list. Please feel free to correct the mistakes. Thanks in advance. I have a friend who is a Hindi translator. He has translated some documents for me. They were all in English so I decided to learn Hindi. I have already gone through the link you provided and I can learn Hindi easily but I still have some questions. 1. What is the meaning of the word 'kamal' and 'chitra'? How many times is it used in the sentence? 2. What is the meaning of 'gundar' in the sentence? 3. What is the meaning of 'maalta' in the sentence? 4. What is the meaning of 'kahwah' in the sentence? 5. What is the meaning of 'akshaya' in the sentence? 6. What is the meaning of 'nepal' in
