Hello, my name is Nathan. I'm 15 years old and I'm in 5th grade. I want to know about Photoshop. I have a problem with design. In my school the kids can't draw and make design from scratch. But Photoshop is free and I like it. I want to draw like in the comic or movie Lilo and Stich. Hi guys, I have a problem with links in wordpress. I search everywhere and I cant find what i want. So here is the problem. I have this website: ( And I need a link to a contact page like the one at the bottom of this website: ( I need it in wordpress. It would be nice if the webmaster would make one for me too ( And maybe could make some space for me on his website. That would be great. And it will be great for me too. Thank you. I have to develop an app for android. I have all the graphic design done. My app is required to upload the song from local sdcard to android mobile. For this i have to write a small code. I want to develop a web application using java servlet, mysql and jsp.The application should have registration and login process.search on mysql database. The thing is i m new to java i have no idea how to start?Nonlocal theta dynamics in C. elegans. The limited memory capacity of single neurons leads to adaptation of their response properties in time. This nonlocal interaction can be observed in various temporal pattern recognition tasks, for instance, when animals have to discriminate between different time intervals. Here we show that this behavior is due to a nonlocal interaction in the theta oscillator of the ASE neuron in Caenorhabditis elegans.
